DI Publicity

The letter reprinted on page 8 of the attached publication was written in answer to an inquiry from Mr. Richard H. Cooper as to where Club members might obtain copies of the FBI publication in question.

Since the National Radio Club is a small one, it is believed that the requests now on hand represent the bulk of those which will result from this notice. These requests can be met without difficulty, and it is regarded as advantageous to this office to meet them.

I am, however, writing Mr. Cooper to warn him against further publicity, and will exercise greater caution in the future to guard against public notices of this sort.
